2001

Contractor
**BOULDERSTONE
HORNIBROOK / BILRINGER
BERGER JOINT VENTURE**

Coverage
6,200 CUBIC METRES

Engineer
HYDER CONSULTING

Project Type
ROAD TUNNEL

Xypex was used to meet the concrete waterproofing specifications for the freeway (road) tunnel which runs below the Cooks River beside Sydney's Mascot Airport. The project involved two contracts – one for 5,000 m³ (Cooks River trough section) and another for 1,200 m³ (Turella Shaft Tunnel).
